PROFILE SUMMARY

A dedicated Software Developer with 1.5 years of experience in a product-based company, specializing in building efficient, scalable, and maintainable solutions using PHP and JavaScript. Proven ability to collaborate effectively within cross-functional teams, adapt to dynamic project requirements, and deliver impactful, high-quality results on time. Skilled in debugging, problem-solving, and maintaining clear, consistent communication across all development phases. Recognized for a proactive mindset, reliability, and strong commitment to achieving development goals in fast-paced environments

EDUCATION

LOVELY PROFESSIONAL UNIVERSITY

- Master of Computer Application
2025 - Present

MAHARSHI DAYANAND UNIVERSITY

- Bachelors of Computer Application
2020 - 2023

SENIOR SECONDARY SCHOOL

- Govt. Boys Sr. Sec. School
2018 - 2020

WORK EXPERIENCE

Samarth E-Gov

Junior Software Developer 2024 - PRESENT

- Assisted senior developers in complex problem-solving, enhancing overall team productivity and efficiency.
- Developed custom features for existing applications, tailoring solutions to meet specific client needs.
- Enhanced software performance by identifying and fixing bugs through thorough testing and debugging processes.
- Optimized code readability and maintainability by utilizing best practices in coding standards and documentation.
- Manage and maintain the production database, ensuring data integrity and performance
- Troubleshoot and resolve production issues in real time with minimal downtime.
- Optimized the Grace Rule algorithm, reducing processing time from 10 hours to 3 hours, improving system efficiency by 70%
- Delivered urgent templates during the peak examination period, ensuring timely support for critical academic operations
- Designed and implemented a bulk course structure generation tool, replacing a time-consuming manual process with an automated solution—resulting in faster onboarding of academic programs and significant time savings
